OUR DOLLIES

Hi-Speed® Dolly

The Collins Hi-Speed® Dolly is the Most Advanced® towing solution. Built with high-quality materials and expert workmanship that provides efficiency, safety, and versatility for years of dependable service.

Hi-Speed® Dolly G7

Taking the Most Advanced® towing solution to the next level, the Collins Hi-Speed® G7 adds greater convenience to previous generations with easier handling, increased walkability, and lower maintenance.

CARRIER DOLLY

With more electric vehicles, electronic e-brakes, and AWD vehicles on the road than ever before, the Collins Carrier Dolly makes loading vehicles on flat beds a faster, easier, and safer. Collins newest version is even stronger and wider than before.

The Collins Hi-Speed® Dolly has been the industry leader for more than 50 years. In the rain, snow, gravel, and highways, we go where you do to get the job done.

**When it Matters,
Choose Collins.**
